## Welcome to Sail Karlskrona 2010

We will with pleasure see you and your crew as guests at Sail Karlskrona 11-14 of August 2010. We arrange a maritime festival for our visitors where boats of different models and sizes are an important part of the festival.

The festival is situated at the harbour side and there will be boat-races, gateway to World Heritage of Karlskrona, restaurant-area, arts- and craftsmen, children's activities, maritime heritage and of course beautiful ships. During your stay in Karlskrona we invite you to Captain's reception on Friday evening and we offer your crew different activities.

Ones again - Welcome to Karlskrona!
