# International Education at KIG

IB Primary Years Programme

[karlskrona.se/kig](https://karlskrona.se/kig)

## **This is Karlskrona Internationella Grundskola**

In August of 2019 the municipality of Karlskrona started Karlskrona Internationella Grundskola (KIG), an international compulsory school (age 6-16) with an IB Profile. IB stands for International Baccalaureate. An international school means that the studies will be based on and assessed according to an existing international curriculum. All the subjects, besides the language courses, will be taught in English. The international curriculum will enable parents and students to move from one country to another without it affecting the schooling of the student.

### **Who can apply to KIG?**

The student must fulfill one (1) of the following criteria:

- The child is a resident in Sweden for a limited period of time.
- The child has attended school in another country for a significant amount of time.
- There is a well-founded reason to expect that the child will move abroad for a significant amount of time.
- The child uses English as the primary language to speak with at least one of his/her parents.

### **What is the IB Primary Years Programme (PYP)?**

The PYP is designed for students aged 6 to 12. It focuses on the development of the whole child as an inquirer, both in the classroom and in the world outside.
